Stoneware serving dish with three small bowls.

Price € 20.00

SWEDISH GINGERBREAD – RECIPE

Ingredients

- 3 dl water
- ¼ dl molasses
- 2 tbsp of ground cloves
- 2 tbsp ground cinnamon
- 2 tbsp ground ginger
- 2 tbsp bicarbonate of soda/baking soda
- 1½ teaspoon salt
- 750 g of caster sugar
- 425 g of room-temperature butter
- 1.2 kg of wheat flour

Method

Boil water, syrup, cloves, cinnamon, ginger, salt and bicarbonate of soda for a minute while stirring. Allow to stand for about 5 minutes. Beat butter and sugar in a mixer. Add the above-mentioned liquid. Then work in flour and work it all until you get a smooth, shiny dough. Wrap in cling film and refrigerate overnight, but preferably even longer (the dough may be refrigerated for up to 2 weeks, and the flavours will develop even more). Heat the oven to 220°C (428°F). Remove the dough from the cold so it may get to room temperature before baking with it, when it's too cold, it's hard to bake with. Roll out the dough really thin on a clean surface dusted with flour and bake out cookies with cookie cutters. Place on sheets covered with parchment paper and bake the gingerbread in the middle of the oven for about 5-7 minutes.

Classic cookie cutter 3-piece set

3 piece cookie cutter set made from stainless steel.

Price € 6.28

Why Link?

Client first,
always

Forward-thinking brands are demanding more from their procurement partnerships. Our proactive mindset, agile approach and desire to share knowledge, mean we put our clients at the heart of everything we do.

Distinctly
dependable

Privately owned, profitable and a proven track record for exceeding expectations. 20+ years of improving efficiencies, driving sales, enhancing a brand's reputation – our clients trust us to always find the best way.

An eye on
the future

Technology, materials and supply chains are constantly evolving. By keeping a long-term view, and applying the very best in new technology, we help our clients combine a profitable present with a sustainable future.

A force
for better

Global climate change is one of the greatest challenges we all face today. Ours is an inherently wasteful industry, but the potential for positive change is there and we have a responsibility to lead it.
